Service may be refused to a customer when there remains an unpaid account for services previously provided. Also, the utility shall not be required to provide service to an applicant who uses an alias, trade name, business name, or the name of a relative or other person as a device to escape payment of an unpaid obligation. The City of Perkins may require payment of unpaid utility bills of any other person when a previous customer with an unpaid account remains an occupant or user of the customer. Any delinquencies for one address to a customer's credit may be transferred to any other address to which a customer requests service in the future or in which a customer may reside, irrespective of the name of the account. If at any time, some portion of the account becomes delinquent, service may be terminated. If any delinquent account is turned to collection or attorney, or if suit is filed, all costs and attorney fees associated therewith, fees, costs, and expenses, shall be added to the delinquent amount and collected as part of the delinquent account.

It is the customer's responsibility to apply for the proper type of service. The undersigned applicant certifies that the said applicant has read and understands the terms of this agreement. Customer agrees to comply with and abide by the above terms and all rules and regulations promulgated by the Perkins Public Works Authority now existing or hereafter adopted. Customer further understands that information contained on this form is a matter of public record with the exception of credit information and may not be withheld from anyone who properly requests such information.

Customer agrees to allow the City of Perkins to request information contained on their credit report for the purpose of establishing the amount of deposit required for services. This deposit is made as security for payment of sums due the City of Perkins for water, sewer, and/or trash collection which customers may now or hereafter apply and receive at the above premises. This deposit will be refunded after discontinuation of all such services and payment of all sums due.
